"Open House" at Tomorrow's Voices Autism Centre – Visit the Centre and meet our Staff. Find out what we do and why we do it! See how the therapies we use (ABA and Verbal Behavior Therapy) are changing lives for those touched by developmental disabilities in our community. **10AM - 12 NOON & 1 - 4PM**

"Behind the Scenes: A Parents' Perspective" - Featuring **International Parent Lorri Shealy Unumb, Vice President, State Government Affairs, Autism Speaks and Local Parents, Neil MacGuinness, Wendy Young and Manielle Fox.** With Autism, many of us all too often underestimate the commitment required by families to help their children become the best they can be. Parents play an essential role in their care and development, and work every day to overcome challenges such as communication problems, sensory issues, challenging behaviours, daily family life, services, and often the immense pressure placed on them from society. We hope that you can join us for this panel discussion where parents graciously share their personal experiences about raising and caring for a child with Autism across functioning levels and ages. ***Time: 6-9PM | Venue: TBD | Cost: \$30 | ATTENDEES MUST REGISTER FOR THIS WORKSHOP**
